

## 2025 CYBER SECURITY ACADEMY (CSA)

September 22—26, 2025 | Prague, Czech Republic

### Explore Cyber Security Beyond the Technical

Are you a university student or young professional eager to explore the world of cyber security beyond just the technical side?

The **Prague Security Studies Institute (PSSI)** invites you to apply for the 2025 Cyber Security Academy (CSA)—a prestigious, week-long program at the intersection of **cyber security, international relations, diplomacy, strategy, and public policy.**

### About the CSA

Established in 2018 in cooperation with the **Czech National Cyber and Information Security Agency (NÚKIB)**, the CSA offers a **unique educational experience** focused on **cyber security policy.**

### Why Join the CSA?

- **Tailored curriculum** exploring cyber security through the lens of diplomacy, international cooperation, and strategic policy
- **Expert lectures** by leading Czech and international specialists from the public, private, and non-profit sectors
- **Hands-on simulation exercise** to test your decision-making in a live cyber crisis scenario
- **Networking opportunities** with peers and professionals from across NATO and partner countries
- **Exclusive reception** hosted at the British Embassy in Prague

Have a look at our [last year's program!](#)

### What Will You Gain?

- A **deep understanding** of cyber security policies, international dynamics, and strategic challenges
- **Practical insights** into current and emerging cyber threats shaping today's global security landscape
- **Valuable professional connections** through the CSA alumni network and future PSSI events

### Who Should Apply?

- University students and young professionals specializing in **international relations, political science, public policy, cyber/tech fields,** and related areas.
- Applicants from the **Czech Republic, NATO member states, and partner countries.**

Apply via our [Application Form.](#)
